Not so hotBy Calaverasgrandeit basically is a series of bad resumes and good resumes. No real direct help in terms of resume writing. Just read the whole thing and infer lessons from each example. I was more hoping to see some more direct information or advice. How to approach each section of a resume etc.1 of 1 people

found the following review helpful. I have a job, but doubtful it's because of this book. By Danny PI have a job, but doubtful it's because of this book. Seriously, this book is outdated and not on the cutting edge. Find something else.

A useful guide to writing great resumes presents the best and worst resumes ever written, sample resumes for unique situations, new technology for creating resumes, and advice on how to take advantage of the hottest trends in the market. Original.

"We have referred earlier editions of The Resume Handbook to hundreds of executives over the past decade. The latest edition has exceeded expectations--it is insightful, focused, and absolutely produces results."
