before purchasing it in order to gauge whether or not it would be worth my time, and all praised Resume: How To Write A Resume Which Will Get You Hired In 2016 (Resume, Resume Writing, CV, Resume Samples, Resume Templates, How to Write a CV, CV Writing, Resume Writing Tips, Resume Secrets):

2 of 2 people found the following review helpful. Resume TutorialBy O. BarnackThis is a book on how to write a resume to help win a job. It covers not just the traditional printed resume that might be snail mailed to an employer but also variant forms of resumes that capitalize on modern telecommunication such as the Internet, video, audiovisual presentations, and social media. It provides a resume template based on a thoughtful analysis of resume anatomy or architecture in terms of such elements as name and contact info, location, social media page, professional summary, soft skill highlights, technical skills, education and training, and technological proficiency. It encourages readers to tailor their resumes to the audience, and add the extra touch in terms of good visual presentation, writing, user friendliness, and scrupulous review before sending it out to a potential employer. Ironically for book that contains much good advice on how to create a clear and compelling narrative to sell yourself to a potential employer, it lacks a table of contents, is published in small fonts, uses formal grammar, and lacks graphics or concrete examples.2 of 2 people found the following review helpful. The book covered everything you need to know about this matter.By RonHighly effective tips and pieces of advice are included in this book. It's a step by step guide which will help you to come up with a perfect resume, in any form what so ever. But, the truth is, nowadays we all have to adapt and adjust to this technological era, in which pretty much everything is getting done over a PC, table, mobile phone or some other device. Being able to create an ideal resume in electrical form will definitely increase your chances of getting hired on a rock solid position. This book won't let you down.1 of 1 people found the following review helpful. a great book on Resume Writing.By Karen IsraelCreate a outstanding resume and professionals is a challenge and stressful. of course the main reason why we write outstanding resume so the employer will choose us and hire us.Through this book it will help us and give us the tips on how to write professionals resume and cover letter. I truly understand this book and now I can able to write outstanding resume and cover letter. Highly recommended
