**Kate Prior : Resume Success Secrets - How To Write A Resume That Gets The Job** before purchasing it in order to gage whether or not it would be worth my time, and all praised Resume Success Secrets - How To Write A Resume That Gets The Job:

- Have you ever wondered why some people always seem to secure a job every time they apply? - Are you tired of sending resume after resume and getting zero response, not even a phone call? - Would you like to boost your application success rate, plus get access to insider recruitment agency secrets? With over 23 years industry experience, award winning recruitment expert Kate Prior is going to lift the curtain on what it really takes to create a successful resume. Standing out is easy, when you know exactly what the companies are looking for in a winning employment resume," Kate says. In her book Kate shares exactly what those secrets are, plus she's included templates, tips, examples and videos to make implementing her resume success secrets super simple, for all ages. Whether you're applying for your first job, just finished university, returning from maternity leave, wanting a career change, a white collar or blue collar, or you've just been made redundant, there are tips for everyone within the pages of this book.
