whether or not it would be worth my time, and all praised Resume: The Secrets to Writing a Resume that is Guaranteed to Get You the Job ((Resume Writing, CV, Interviewing, Career Planning, Cover Letter, Negotiating):

0 of 0 people found the following review helpful. It's okay, but not recommendedBy CustomerGiven the reviews, I expected more from this book. I've used some other resume books in the past, and I bought this one to help in updating my resume. But I didn't find it as helpful as some other books on the same topic. It's repetitive, which is surprising given that it's only 27 pages long. (From what I gather, it was originally intended as an eBook and someone slapped a cover on it.) It's contradictory in parts. He states that a resume for experienced job seekers can be three pages long and then later states that a resume should not be more than two pages. He states that resumes should start with an objective, but I've read many articles suggesting that a resume should not include an objective. He recommends Times New Roman as a preferred font (one of four he recommends), but I've read in multiple other places that Times New Roman is not recommended. My biggest criticism is the absence of any sample resumes. Nothing beats the opportunity to see what a good resume looks like, in the view of a book's author. But there's none of that here. He tells you what to do with very few examples. The book just didn't strike me as a very good value.0 of 0 people found the following review helpful. and getting back into the work field after several years was not an easy task. With this book I feel more than ...By Safiyyah ChristianI have been a stay at home mother for more than 7 years and was in need of helpful tips for putting my resume together. This book has helped me focus on creating a resume that focuses on using my transferable skills as a tool to build a great resume. I wasn't sure if I had enough skills to create an intriguing resume, but this Ebook says something totally different. The skills which I have obtained over the last 7 years has been, multi-tasking, communication, research, organization, managing people, negotiation and collaboration. With this book I was able to create a stellar resume which was true to who I am, while painting a picture of a dedicated professional. Making an impression through my resume is extremely important, and getting back into the work field after several years was not an easy task. With this book I feel more than capable to create a resume which will help me make my mark in the business world.0 of 0 people found the following review helpful. easy to follow and offers excellent newBy BeckyAfter graduating from college you would think that I had learned all about resume writing, however this is not the case. Even after taking a semester long class on the topic, I still did not know much of the information cited in this book! It is extremely well written, easy to follow and offers excellent new, unique ideas related to resume writing. The specific examples and relatable analogies make concepts extremely easy to understand and implement into your own resume. This book has allowed me to revise my resume and has given me tremendous confidence for when I go to apply for my next job.
