Peterson's : Resumes That Get Jobs (Arco Resumes That Get Jobs) before purchasing it in order to gage whether or not it would be worth my time, and all praised Resumes That Get Jobs (Arco Resumes That Get Jobs):

0 of 1 people found the following review helpful. Resumes that get Jobs, Not with this edition! By Linda I was not at all satisfied with this purchase. Much to my surprise, the book that arrived was a used book and the reason I was surprised is because I don't purchase used books, never did and never will, just my personal thing. In addition to it being used, it was outdated and the pages were yellowed! I was not expecting a 1983 edition!!! I would have shipped it back but didn't want to spend the extra \$\$\$ for the return. I donated it to Good Will.

A great resource packed with sample resumes to help job hunters get the position they want. Geared to readers at every level of work experience from entry-level administrators to seasoned executives. Discover important advice on writing

cover letters and preparing for interviews. Softcover.
