I used it to improve my resume a few years ago, and I have loaned it to 5 people. This book will help you find the words you need to most accurately represent yourself on paper. Out of all of the publications on this topic, I feel this is one of the best.I am a grantwriter and refer to this book often to assist me with clean/clear writing. I recommend it to anyone who could use some help in getting their point across on paper.
