Andrew Bobby : Review for the Graduate Management Admissions Test, GMAT before purchasing it in order to gauge whether or not it would be worth my time, and all praised Review for the Graduate Management Admissions Test, GMAT:

This book is designed to prepare a student to take the GMAT test. Comex Systems Inc. uses its 30 years of experience and different teachers for each content area to make a clear concise study guide for the GMAT. The book contains a subject matter review as well as questions similar to the ones on the test.
