Torin Ellis : Rip the Resume: Job Search Interview Power Prep before purchasing it in order to gage whether or not it would be worth my time, and all praised Rip the Resume: Job Search Interview Power Prep:

5 of 5 people found the following review helpful. "Rip the Resume", the blueprint to a successful work life! By Michael This book by Torin Ellis needs to be "required reading" for anyone navigating through the corporate world. Young and old, it's never too late to get your career started or rejuvenated, and Mr. Ellis so eloquently provides the blueprint for a successful preparation kit to putting you in the position of power and prosperity. "Don't run and hide from questions that cause you to stop and think. It is not always about what you know, but often about how you react

to situations that you are faced with. Don't try to run around the question, nor should you provide a superficial response. Star candidates own the conversation process and are able to authoritatively deliver a positive or negative response." (Excerpt from Rip the Resume) This is one of the most powerful and genuine expressions of thought that I have read in a long time. Many prospective candidates hinder themselves by not being able to articulate a tough question, and giving superficial answers to "not be judged". Many times, we are justified in our actions and experiences with previous organizations, but the environment and culture of the organization was not willing to reason or accept an alternative opinion, or maybe just resistant to someone not "falling in line with the status quo". Be honest, and be "walk in your truth"! I am encouraging everyone to buy at least two copies, for yourself and anyone else you love who is having a hard day at work and feeling under appreciated! 5 of 5 people found the following review helpful. This book may very well be the single most invaluable resource to today's job seekers! By Customer My initial reaction after having read Torin Ellis' RIP the Resume was "I wish I would have had this book 20 years ago." This book may very well be the single most invaluable resource to today's job seekers. While reading this book, it is apparent that the author's passion and purpose are to help others realize how to tell the story of themselves to recruiters and prospective employers. Ellis stresses the idea that the interview is a conversation, and he models this in how he writes and presents his knowledge and understanding of the job search process. He has a conversation with his readers in which he empowers them, inspires them, and empathizes with them without sugarcoating the realities of the hard work that a potential candidate must be willing to put in, in order to be the hero who gets the job. The book is structured in purposeful steps that include being clear about the posted job description, creating an outstanding resume, making yourself stand out in a pool full of applicants, the interview itself and spot on advice about how to follow up after an interview. The author's genuine concern for the reader and his clients is refreshing as it is reassuring that the human experience is still of importance in the marketplace. Throughout the book, the author offers his contact information and additional resources to help guide the candidate through all aspects of the job search process. I never felt like Torin Ellis wrote this book to make a profit. I felt he wrote it because he is invested in making people realize their full potential and helping them understand the steps of how to get there. It struck me often as I read all 96 pages, that he was not just offering wisdom about how to get a job, but first hand experience about how to live a fulfilling life. If you are graduating or about to graduate from college, get this book! If you are looking to switch careers, get this book! If you want to move up in your field, get this book! If you have always been scared of taking a risk in pursuing your ideal job, GET THIS BOOK! I promise you, you will find it has been your mediocrity in the job search process that has been holding you back! 5 of 5 people found the following review helpful. Get the edge you need! By SheTriedIt! I learned about this book and the author after listening to the Karen Hunter show in XM. It is obvious that he is an expert in the field. As a mature job seeker, there was a lot of things about the present job market which I had become out of touch. This book helped me see the error of my ways, update my resume, and hit the ground running with a better perspective on how to get the job of my dreams.

Infused with real-life examples, self-analysis exercises, and advice from an industry professional, Rip the Resume is more than a "how to write a better resume" book; it's a proven system designed to challenge job seekers to take complete control and responsibility during a job search. Follow a ground-breaking roadmap on your journey to becoming the candidate that employers are seeking—whether you are a millennial looking to launch an exciting and fulfilling career or an experienced individual exploring greater career opportunities. Rip the Resume provides the tools you need to transform yourself into the candidate that employers are searching for: Cutting-edge guidance for job seekers in any field Vital resume deconstruction techniques to highlight important areas and downplay others to render a stronger document Winning conversation strategies to make a lasting impression during the interview Practical advice for using social media wisely, both in the job search and in building your personal brand. Rip the Resume is based on best practices and concepts that strengthen ANY job search.

About the Author Torin Ellis is a human capital strategist, an interview architect, and the founder of the Torin Ellis Brand. As a recruiter and career development coach for over 16 years, Torin Ellis has performed thousands of search assignments and successfully placed hundreds of high-performing professionals in the \$150,000-to-\$300,000 salary range. Torin conducts career development bootcamps and group career coaching for colleges and universities providing students invaluable career strategies and consultation. Torin has been contracted by Monster.com to be a part of their traveling speaking team. He's also been hired to speak at the Department of Labor's "Youth Opportunity" programs all around the country. Through these engagements, Torin has spoken to thousands of students and professionals. Torin currently sits on the Board of Directors for the Baltimore Robotics League and Urban Ed, Inc. Torin is a regular guest on "The Karen Hunter Show" on Sirius XM Channel 126 Urban View presenting weekly career development vignettes. In June 2015, Torin participated in Season 4 of the DocuFilm Series, "Top Recruiter: Reign of the Bosses." As a participant in the documentary, he competed against six top recruiters representing both agency and corporate recruiting firms from around the world. The five-day competition consisted of the recruiters facing different scenarios that challenged their business acumen, emotional position, presence, and situational intelligence as they battled for the

"Top Recruiter" title. Torin won the Season 4 title of "Top Recruiter" and has been featured on NBC News.
