Anna Kruger : Rodale's Illustrated Encyclopedia of Organic Gardening before purchasing it in order to gage whether or not it would be worth my time, and all praised Rodale's Illustrated Encyclopedia of Organic Gardening:

1 of 1 people found the following review helpful. Better organized than the newer 2009 editionBy jc vtThis 2002/2005 edition is far better than the newer 2009 edition. It's organized in a way that is easy to follow and instructional, with lots of photos to identify plants pests, and help in building and construction of compost bins, etc.3 of 3 people found the following review helpful. Great purchaseBy cinstoy3Since buying and perusing this wonderful book, I have built two compost beds, and have very happy worms! I read and re-read different sections because they are so interesting; well-organized!1 of 1 people found the following review helpful. For Advanced GardnersBy james reddrickThis has a ton of info and was way more advanced than I needed to take care of my backyard garden. However the book has great photos and index.

Whether one is an experienced gardener looking to go organic or a beginner who wants to create a healthy, eco-friendly garden space, Rodale's Illustrated Encyclopedia of Organic Gardening contains the tips and techniques needed to produce beautiful flowers, top-quality herbs, and appetizing, wholesome fruits and vegetables. Explore the latest methods for cultivation without chemicals, discover the benefits of composting, and learn how to maintain an organic garden year-round.

About the Author For more than 50 years, Rodale, Inc. has been a leading publisher of information on healthy, active, organic lifestyles.
