**From Houghton Mifflin Co (Pap) : Roget's II the New Thesaurus** before purchasing it in order to gage whether or not it would be worth my time, and all praised Roget's II the New Thesaurus:

0 of 1 people found the following review helpful. Rotten, Awful, Putrescent, Inadequate...By A CustomerThe title above gives you about the same number of synonyms that you will find in the book. I had the misfortune of receiving this my first year in college and it was probably the worst reference book I have ever had. An incredibly small number of synonyms, confusingly arranged. I can't imagine why anyone would actually want a copy of this unless they are one of the few people in the world that collect thesauri as a hobby. Otherwise, skip it. There are better choices out there.
