**C. O. Sylvester editor Mawson : Roget's Thesaurus of the English Language in Dictionary Form** before purchasing it in order to gage whether or not it would be worth my time, and all praised Roget's Thesaurus of the English Language in Dictionary Form:

1 of 1 people found the following review helpful. 1939 version of this useful Reference bookBy Robin E. MooreThis version of Roget's Thesaurus of English contains Words and phrases in a modernized, more complete, and more convenient dictionary form, together with briefer synonyms for the busy writer, the whole comprised in one alphabetical arrangement to paragraph.The present volume retains the practical advantages of the standardized Thesaurus without the disadvantages. It was fashioned with a twofold plan: To provide ready synonyms for the time pressed worker and to give a richer list-thought expressing and thought provoking-to be more leisured writer, the scholar, and the stylist. Virtually, this is a dictionary within a dictionary. The old Roget lists are here, modernized, refurbished, and rearranged; but there is one striking difference: every meaning is covered under one heading.
