It was nice not having to worry about folding up a map the old fashioned way.1 of 1 people found the following review helpful. Cheap backup with lots of infoBy Combat MedicI have traveled around the world and love these little maps. They easily fit in a pocket and open for use. I usually mark my hotel on the map and can easily figure where I am. This is a great backup and cheap insurance - especially when your phone goes dead. the maps also have information on sites, bus/subway stops. The Rome map has a map of Vatican City and Ford Romano near coliseum.3 of 3 people found the following review helpful. One StarBy TAGToo small. Small print, too rumbled with street names, very confusing.
