Darid Demulle : Rosin - And The Art Of The Squish before purchasing it in order to gage whether or not it would be worth my time, and all praised Rosin - And The Art Of The Squish:

2 of 2 people found the following review helpful. SquishBy Kindle CustomerInteresting but basic information found on the internet. Hopefully volume 2 has more in depth information on pressing dry sift and bubble(temperature and time frames)0 of 1 people found the following review helpful. An epic read.By CustomerTruly presenting the future of the industry! A must read for cannabis connoisseurs!

This book is meant to give you the basic understanding of the Rosin Technology. All of the information contained inside is gathered from my personal experiences and preferences in researching and developing presses for this fast growing industry. Reading this article and understanding the concept of how it works, is the first step in deciding how to move forward in this industry.
