**V I Petrov : Russian-English Medical Dictionary Phrase-Book (Russian and English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Russian-English Medical Dictionary Phrase-Book (Russian and English Edition):

1 of 1 people found the following review helpful. Great dictionary for medical interpretersBy christianThat's a really very useful dictionary, including all the body systems and methods of examination. Contains not only word expressions, but Doctor-Patient encounter sentences. At the back of the book there are illustrations of the body and instruments used in medicine in English and Russian. The only thing is that I have bought it for 25\$ and now it's available for 15\$ lol Watch out guys, there are plenty of buying options.0 of 0 people found the following review helpful. Great bookBy Danny C. GriffinExcellent product1 of 1 people found the following review helpful. Very

usefulBy Gennadiy B. This book is very useful for translating medical terminology from Russian to English. This book is great because it translates not just single words, but complete medical phrases.
