**Terence Wade, David Gillespie : Russian Grammar Workbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Russian Grammar Workbook:

3 of 3 people found the following review helpful. Excellent for advanced studentsBy JacobExpensive for a workbook but worth it when used with A Comprehensive Russian Grammar. As an advanced student (5+ years) I am always running into the little quirky details of the language. The textbook almost always provides an answer, and the workbook exercises do a good job of helping you remember what you've learned. Answers are provided and everything is pretty well organized. Great for self-study once you've got all the basics down pat.1 of 1 people found the following review helpful. Five StarsBy CustomerWell organised and with examples given to aid study.0 of 1
