Objects Interview Questions: Unofficial SAP R3 ABAP Objects Certification Review:

The Ultimate Reference Learning Guide for the SAP Professional! Whether you are new to ABAP, or a veteran ABAP programmer this book will come in handy. First in a series of new SAP certification books, SAP ABAP Objects Interview Questions stands alone. With almost 500 pages of ABAP Objects Tips, Tricks, and Frequently Asked Questions, this book is certain to answer your need for instant information. The table of contents and index are also comprehensive, making it easy to find what you need and help you save precious time. Object Oriented ABAP is the key to working with BAPIs and enhancements in the SAP R/3 and SAP ECC environments; however, a user-friendly and thorough resource for job and certification preparation can be difficult to locate. From helping you to locate a transaction you haven't used in a while to helping you unlock the new Object Oriented functionality in ABAP, this guide has what you need to work faster. In addition to acting as a handy reference, this guide will help you set yourself apart from other SAP professionals - knowing the right answer is often the difference between a mid-range and senior SAP resource. Key topics include: . ABAP Objects Frequently Asked Questions . ABAP Objects Transaction Codes . Classes, Methods and Object Oriented Programming in SAP . From ALV to IDOCS to Z Tables.
