Her recipes seem easy and not filled with hard to find items. I love her book. She's written it for the novice, in easy terms and great pics!

The ultimate everyday cookbook you'll turn to again and again.

"I have admired and learned from Sara Moulton for years. She is first and foremost a teacher, and expert in balancing

concrete advice with inspiration and encouragement. Without ever talking down to the home cook, Sara imparts her imitable wisdom, and makes readers say, "YES. I want to do this, too!". In short, if you want to become a smarter, better, more confident cook, you need to buy this book."Katie Workman, author of *Dinner Solved!* and *The Mom 100 Cookbook*
