Michael Jones : Sardinian Syntax (Romance Linguistics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sardinian Syntax (Romance Linguistics):

Sardinian Syntax presents the first comprehensive synchronic description of Sardinian syntax available in English. Michael Jones combines a detailed coverage of the language with a theoretical approach that draws on contemporary linguistic theory. The book provides an extensive reference grammar and an invaluable source of information for all

linguists whose interests extend beyond the world's major languages.

About the Author Michael Jones is Lecturer in Linguistics at the University of Essex.
