Mary Coffman Crocker : Schaum's Outline of French Grammar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Schaum's Outline of French Grammar:

0 of 0 people found the following review helpful. Poor paper quality masks a very useful text. By Howmuchcanakoalabear A good review text but very similar to many others on the market. Concepts are explained simply and there are many exercises. One criticism I have is that the vocabulary in the exercises can be confusing initially. For example, the first chapter deals with nouns - gender, usage etc, and the examples include sentences with different verb conjugations that come later in the book. Exercise are good, but not as comprehensive as the "Practice Makes Perfect" series. A word of warning - the paper is so thin it could be used in septic toilet systems; it is as thin as newspaper. Consequently, when completing exercises it is advisable to write answers on a separate sheet of paper rather than into the area provided in the book as your writing may leave an imprint or obscure some of the text on the

reverse page. Nevertheless, it is a useful text for intermediate students for review. 8 of 8 people found the following review helpful. Knowledge of Indepth Sentence Structure By Legaldivas This book of French grammar drills is really good. The explanations could be better and is the only reason it did not get 5 stars, but still very good. Has helped me immensely. I must take a translation test in grad school as part of a Ph.D. In English. Really understanding sentence structure is key to obtaining a correct translation. 2 of 2 people found the following review helpful. Excellent for French brushing-up By Lesmiz junkie Schaum's has been extremely useful toward brushing up on the grammar skills that get rusty. It also is ideal for practice as it gives the correct answers in the back of the book for checking accuracy. I recommend it highly for French practice in grammar explanations as nouns, pronouns, verb conjugations/tenses, etc .

Tough Test Questions? Missed Lectures? Not Enough Time? Fortunately, there's Schaum's. "This all-in-one-package includes more than 550 exercises with answers to sharpen your French grammar skills.
