King I want to thank the reviewer who mentioned that this volume was a rhyming dictionary for "songwriters" and not necessarily for poets. This is just what I was searching for. I wanted an affordable dictionary that included more rhymes than I could ever use. And 96,000 rhymes is not too bad a place to start! Are you an aspiring

song writer? Having a hard time coming up with rhymes that make vocal and musical sense? Schirmer's Complete Rhyming Dictionary will become your go-to volume time after time. And, it is easy to use. 5 of 6 people found the following review helpful. Rhymes for the Songwriter By C. Cone This is for those who are writing song lyrics. An invaluable creative tool for all songwriters, poets, and teachers! Schirmer's Complete Rhyming Dictionary is the ultimate rhyming dictionary with more than 96,000 one-, two-, and three- syllable rhymes! In addition to providing numerous rhyming options, the book also contains helpful sections on the role of rhymes in songwriting such as: What is a rhyme? Must a song rhyme? Difference between writing lyrics and writing poetry Usage of rhymes Spontaneous creation True rhymes versus false rhymes Rhyme schemes Inner or internal rhymes
