**National Geographic Kids : Science Encyclopedia: Atom Smashing, Food Chemistry, Animals, Space, and More! (Encyclopaedia)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Science Encyclopedia: Atom Smashing, Food Chemistry, Animals, Space, and More! (Encyclopaedia):

0 of 0 people found the following review helpful. My 7 year old loves it By SewKnittheFlo My 7 year old loves this book, he's always telling people the facts he memorizes. it must be well written because he doesn't yawn the entire time he's reading like he does with some other books. 0 of 0 people found the following review helpful. Five Stars By Customer My son loved this book and loved all the new things he learned from reading it 0 of 0 people found the

following review helpful. Five StarsBy AlbinitaWow! Wow! Beyond all my expectations

Food chemistry, atom crashing, wave power, food chemistry, and robots! These are just a few of the topics covered in this fantastic new science encyclopedia, which presents a comprehensive overview of physical and life sciences from A to Z. Super smart and kid-friendly, its packed with full-color photographs, weird but true facts, amazing statistics, do-it-yourself experiments, plus profiles of scientists and National Geographic's explorers who rock the world of science. Keep up with the changes happening all around us with this stellar science reference book.

"Children ages 8 to 12 can keep up with the changes happening all around us with this stellar science reference book. Profusely illustrated and thoroughly 'kid friendly' in organization and presentation, 'Science Encyclopedia' is very highly recommended for family, school and community library collections for young readers. Also very highly recommended is a newly published companion volume by National Geographic Kids, 'How Things Work'" -- Midwest Book .About the AuthorNATIONAL GEOGRAPHIC KIDS inspires young adventurers to explore the world through award-winning magazines, books, website, apps, games, toys, television series and events and is the only kids brand with a world-class scientific organization at its core.
