**National Library of Scotland : Scottish Maps Calendar 2017** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scottish Maps Calendar 2017:

This new calendar features some of the most beautiful maps of Scotland ever made, from the very earliest representations of Scotland by Ptolemy in the second century AD, through the first printed maps of the 16th century and the achievement of the Ordnance Survey in the 1920s and 1930s to the most recent satellite imagery, these images tell the story of a nation.
