**Peter M. Jonas : Secrets of Connecting Leadership and Learning With Humor** before purchasing it in order to gage whether or not it would be worth my time, and all praised Secrets of Connecting Leadership and Learning With Humor:

3 of 3 people found the following review helpful. Jokes, stories, puns, exercises, activities and expressionsBy Midwest Book ReviewSecrets of Connecting Leadership Learning with Humor by academician, research consultant, and technology expert Peter M. Jonas is an engaging guide to how the power of humor and laughter can revitalize daily leadership activities and lesson plans in the business world. Jokes, stories, puns, exercises, activities and expressions

all can be integrated as needed in order to better captivate one's pupils and grease the wheels of human interaction. A chuckle-inducing read even for the layperson, and a very handy supplementary resource for anyone in the business world charged with education, instruction, and leadership tasks. 3 of 3 people found the following review helpful.

Secrets of Connecting Leadership and Learning with Humor By Katie T This particular book is excellent. It not only provides a background in research and theory, but it also provides some real practical examples of how to use humor to increase my teaching effectiveness. I tried many of the techniques out in class and not only do they work, but my students enjoyed them all. The book helped make learning fun for the students. Definitely a great book with great ideas and truly practical.

Here is a researched-based book in which author Peter Jonas explores how humor can enhance both leadership performance and improve the learning environment. Jonas attempts to use research and brain-based concepts to build a theoretical foundation and then provides practical components for connecting leadership, learning, and humor. Individuals need to understand the theoretical nature of leadership before they can translate the concepts into practice on a daily basis. The same is true for humor. The main theme of the book is that the proper use of humor will not only increase learning comprehension, but it can be used as an important tool for leaders to enhance their effectiveness. Throughout the book, Jonas has interjected humorous jokes, stories, puns, exercises, activities, expressions, etc. in order to show specific examples to provide the reader with material that can be used in leadership situations and the classroom. The materials in the book can be learned, saved for later, or copied for immediate use. Moreover, each chapter is fun to read and contains practical points and examples of how to integrate humor into daily leadership activities and lesson plans. For teachers and leaders, or anyone in the field of education.

...an engaging guide to how the power of humor and laughter can revitalize daily leadership activities and lesson plans in the business world. A chuckle-inducing read even for the layperson, and a very handy supplementary resource for anyone in the business world charged with education, instruction, and leadership tasks. (Midwest Book )
