There are details that are contained in this book that I would have never thought of. The book is written in a manner that is humorous and easy to understand even if your not from the business side of the tracks. It covers it all from resume and application to interviews to accepting a job and even declining or terminating a job. It is a complete resource written by a person who has been in the trenches and knows her stuff.1 of 1 people found the following review helpful. Find a better job - Become a better recruiterBy tomasleppIf you want a better job or become a better recruiter. Read this book.Betty is one of the best recruiters I've ever worked with. If you want to learn her tricks and tips you should buy this book now and read it as soon as possible.I recommend this book to anyone that is serious about their professional future: Betty's on-target complete guide will help you get that job you never dreamt would be possible to get. She teaches you that building trust with her candidates and clients has helped her get the answers to questions most recruiters don't have. Betty helped me prepare far beyond the basic 10-question list by understanding Behavioral Questions that may be asked of me as well as making sure I was a cultural fit for the company. Her follow-through throughout the process is 2nd to none throughout the whole interview process; it is a skill that Betty has turned into an art form.0 of 0 people found the following review helpful. great book!By scooterThis is a very thorough book that seems to cover all the aspects of finding a new job and leaving your old job. It helped me write a much better and up to date resume. I was surprised at how outdated mine was after only 8 years. You always wonder how your resume will be received on the other end. Well Betty was an HR person for years and years and explains what they are looking for and which things stand out as positive and negative. Without this book I would have had some formatting and other things on my resume which might look fine to the average person but to people who look at resumes all day definitely stand out, and not in a positive way. After the revisions I received calls from almost everyone I sent it to, and I don't think its because of my qualifications. A good reference for anyone in the job market.
