Manhattan GMAT Prep : Sentence Correction GMAT Preparation Guide (Manhattan GMAT Preparation Guide: Sentence Correction) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sentence Correction GMAT Preparation Guide (Manhattan GMAT Preparation Guide: Sentence Correction):

0 of 1 people found the following review helpful. It worked for me!By PaulI took the GMAT in November and did very well on the verbal section (in the 85 percentile). I credit a lot of this to the Manhattan verbal preparation, of which this book was my favorite. I worked the chapters a couple of weeks before the exam and felt very comfortable correcting sentences. Definitely worth a try if you feel like brushing up before the test!1 of 4 people found the following review helpful. Excellent!!!By BukiThis book is great! It concisely covers the main types of sentence completion questions and completely demystifies this tricky, often confusing portion of the GMAT. The book is easy to understand and provides lots of examples and practice questions. One caveat: a lot of the practice questions refer to the 11th edition of the Official Guide and the Verbal Official Guide. However, this book can definitely stand on its

own. Another major plus: when you purchase any of the GMAT prep books and register the book on the GMAT Prep website, you get e-mails with useful articles and suggestions for studying. These articles were really helpful. In particular, an article on pacing was a lifesaver. I highly recommend this book. 25 of 30 people found the following review helpful. Concepts explained very well. By Ajay Singh I am surprised that this book is not as popular as it should be. I was looking for a refresher Grammar book to explain the concepts, but English Grammar is too vast. This book explains the grammatical concepts that are tested on the GMAT very well. I recommend using this book as a supplement though. You want to get practice on questions from other books. This book does refer to the Official GMAT book indicating which sentence correction questions test certain concepts. The Kaplan book is really lousy explaining the concepts. The Princeton review explains it better but this book is even more detailed.

Sentence Correction (1 of the 7 books in Manhattan GMAT's Preparation Guide series) takes the guesswork out of grammar by presenting every major grammatical principle and minor grammatical point tested on the GMAT. Students learn to master the rules for correcting every GMAT sentence and to avoid relying solely on their (imperfect) ears. The book offers a unique balance between two competing emphases: test-taking strategies and in-depth content understanding. Practice problem-sets build specific foundational skills in each topic and include the most advanced content that many other prep books ignore. As the average GMAT score required to gain admission to top b-schools continues to rise, this guide provides test-takers with the depth and volume of advanced material essential for succeeding on the GMAT's computer adaptive format. Book also includes online access to 3 full-length Simulated Practice GMAT Exams at Manhattan GMAT's website.

From the Publisher Key Features: *Each of the 7 Guides covers 1 major topic in extensive depth, providing students with many more pages-per-topic than found in all-in-one tomes.*Cleanly-presented strategies, problems sets, and explanations with sidebars that highlight key concepts; no need to wade through cramped pages in small typeface. *Single-topic focus of each guide allows the student to purchase only those guides that pertain to his/her weaknesses; also is much easier to carry during studying than all-in-one book. *Includes bonus chapter that covers grammar odds and ends--the little things that can make a big difference. From the Back Cover What Students Are Saying: "The Sentence Correction Guide has great summaries of the topics and strong examples to strengthen the lessons. I consider the guide a great review of grammatical knowledge tested on the GMAT." "The 7 Manhattan GMAT Preparation Guides were invaluable. The guides were well organized and easily understandable for students at all levels. They imposed a lot of discipline, forcing me to study the topics in an organized way. The study skill sections were also helpful for additional practice before tackling actual GMAT problem types." About the Author Manhattan GMAT's 7 preparation guides were developed by Manhattan GMAT's talented staff of real teachers, all of whom have scored in the 99th percentile on the official GMAT. As the company focuses solely on the GMAT (no other tests), it continually updates the guides to reflect the GMAT's most current trends. Questions are refined and strategies enhanced, blending the academic and test-taking skills that have been essential to the success of Manhattan GMAT students around the world. The nation's largest GMAT-exclusive preparation provider, Manhattan GMAT was founded by Zeke Vanderhoek. A Yale graduate, Zeke taught as a member of Teach for America at a New York City public junior-high school, earned a Masters in Philosophy Education from Columbia University's Teachers College, and supplemented his day-job by tutoring individuals in various subjects at all educational levels. Word-of-mouth referrals soon brought in a remarkably high number of GMAT test-takers, and thus Manhattan GMAT and its prep guides were born.
