The text is small and hard to read because it is a reprint. Don't bother with this one- go for the originals. Cheaper, bigger, and brighter text.1 of 1 people found the following review helpful. ConditionBy Tyler J. EldridgeI would recommend this book to any college student or like thereof who needs a resource on translating Shakespearean text. I thought that A to Z was in one book so when I got it I was kind of confused and complaining. The condition is excellent -- brand spankin new but the text lacks definition as if the printer was running out of ink typing the pages. Whoa!
