0 of 0 people found the following review helpful. Interesting and factual By Customer In this book, Paul Hopper explains the English grammar in a clear-cut way. His example sentences are entertaining. The best part is, he is from my university!

New for grammar courses, A Short Course in Grammar offers a streamlined, thorough presentation in an easy to use

format. Recognizing that the goal of the grammar course is to improve students grasp of American English grammar, and not to make students into linguists, Paul Hopper has written a streamlined, concise textbook. He avoids getting caught up in details that are interesting to linguists but confusing to students, keeping his steady focus on presenting material as briefly and as clearly as possible.
