Patricia Wooster : Show Me Rocks and Minerals: My First Picture Encyclopedia (My First Picture Encyclopedias) before purchasing it in order to gage whether or not it would be worth my time, and all praised Show Me Rocks and Minerals: My First Picture Encyclopedia (My First Picture Encyclopedias):

0 of 1 people found the following review helpful. Kid's bookBy JLEquineIm a new rockhound and using every resource I can find to glean some information. Im a visual learner, so even though book is very much intended for children the pictures are great to look at as an adult. But very general (as it should be)

From molten lava to glittering crystals, there's so much to learn about rocks and minerals. Show Me Rocks and Minerals has more than 100 facts and definitions about these amazing substances.

About the AuthorPatricia Wooster graduated from the University of Kansas with a degree in Creative Writing and has written several children's nonfiction books. She lives in Tampa, Florida, with her husband and two boys, Max and Jack.
