Marco Polo Travel Publishing : Sicily Marco Polo Map (Marco Polo Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sicily Marco Polo Map (Marco Polo Maps):

6 of 6 people found the following review helpful. Excellent alternative to Michelin
By Allan NYC
Wasn't familiar with this brand and was looking for Michelin which I've used and very much enjoyed over the years (particularly owing to their various details of road quality + scenic routes). Found that this Marco Polo map was very much the same, including all the same details I've enjoyed on Michelin maps. Quality of paper, color printing, etc., might even be a bit better. Order with confidence.

By Dana J
Incredibly detailed and sturdy. Huge. Need to look at it on a table, not in the car.
1 of 1 people found the following review helpful. Every road in Sicily
By Bill S
Remarkably detailed - but don't try to fold it in a windstorm.

From the Inside Flap
Marco Polo maps feature completely up-to-date, digitally generated mapping. A fold-out overview map is ideal for route planning and 7 self-adhesive Marco Polo mark-it stickers can be used to pin-point a destination or route for future reference.
