Steven J. Molinsky, Bill Bliss : Side by Side 1 Activity Test Prep Workbook (with 2 Audio CDs) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Side by Side 1 Activity Test Prep Workbook (with 2 Audio CDs):

1 of 1 people found the following review helpful. This book is great for beginning learners By Mary Wiard I use this series for teaching English as a second language. This book is great for beginning learners. Using it with the student book, it allows students to do useful work at home. The CD is a fun way to practice speaking. It's appropriate for everyone from middle school through older adults. 0 of 0 people found the following review helpful. Easy-to-follow method By Jane Willmann This appears to be a good method, but it didn't fit my need. I was tutoring someone with fairly good vocabulary but who needed more sentence structure. 0 of 0 people found the following review helpful. Great book for small classes By Zaharr Manevi This is perfect for my English learners. It is a review for them of what they have already covered in the textbook and the CD works well so they can hear another voice besides mine and

identify words. As they were only part of the way through the textbook when we had our summer break, now we can go forward after their review and supplement what they learn as the year unfolds. This is a good and useful book for adults as well as teenagers.
