By Paula the Gourmet
I teach ESL to a small group of employees in my active retirement community. The students who are using this book have completed the first two levels of Side by Side and can read at a seventh grade level or higher. The book is humorous, practical, and structured to make lesson plans easy. The rules of grammar are presented with concrete examples and enjoyable exercises. We have just finished Chapter 1, so I can't comment on the practicality of the entire book as yet. I also have not yet reviewed the cd that was included.
