Darcy May : Six Flower and Fairy Cards (Dover Postcards) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Six Flower and Fairy Cards (Dover Postcards):

0 of 0 people found the following review helpful. CharmingBy GypsiThis is a charming illustrated collection of fairy postcards, with six different flower-themed fairies.. The paper is not as heavy weight as a regular postcard, though the ones I sent internationally were received. The only problem with them is that when you tear them out, a perforated edge is left on the side. It is as if the publishers assumed that the cards would only be viewed and not used. Other than that, though, I do recommend them.0 of 0 people found the following review helpful. cuteBy Cindy SunThe drawing is ok - although i was hoping for some more fantasy and watercolor feel to the drawings - the quality of the postcard is very good. they are thick and glossy.0 of 0 people found the following review helpful. Not badBy Rachael H.I did

expect a little better quality than what I got... some of them were set crooked. But they work for my purposes.

Six cards depict winged sprites amid lavish displays of trumpet vines, morning glories, waterlilies, and other beautiful blossoms.

About the Author Darcy May was born in Redondo Beach, California, and traveled east with her family as her father's career in art flourished. Now an award-winning professional herself, she has created paintings for a number of private collections and illustrated many books for Dover and other major publishers.
