**Pamela Munro : Slang U.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Slang U.:

Written by a UCLA linguistics professor and her class, Slang U. not only celebrates the English language at its liveliest, but also reveals what subjects are most on the minds of today's students - including a few that actually have nothing to do with either sex or beer. Slang U. is a dictionary of college slang words and expressions sure to stoke up those who are passing through ivy-covered halls of knowledge and sure to mystify alumni and lovers of the king's English. Witty, creative, and totally the word on college lingo, Slang U. is required reading for all in the English-speaking world.
