**Vibrant Publishers : Software Testing Interview Questions You'll Most Likely Be Asked (Job Interview Questions)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Software Testing Interview Questions You'll Most Likely Be Asked (Job Interview Questions):

7 of 7 people found the following review helpful. Nice little bookBy Mikhail PortnovThe book covers practically all

the interview questions you might get in US job market. For each and every question you might find easily 5-10 different opinions by browsing the web. But if you need just one, which is good enough to help you look good at the time of an interview - that is a quality book!!! Mine already has about 100 yellow highlights I made for the future use. My personal suggestion - if you are thinking of a specific question answered - start with the Index at the end of the book. It is very nice and helpful. I would rather place it at the book's beginning. 1 of 1 people found the following review helpful. If you search QA interview questions from Google, whatever ... By Kuzzy If you search QA interview questions from Google, whatever comes up on the top of the search result is in this book. 0 of 0 people found the following review helpful. Poorly grammar checked. Repetitive. Not very explanatory. ... By Blake Stover Poorly grammar checked. Repetitive. Not very explanatory. Wouldn't buy again. I was expecting something of the quality of "Knock em Dead" interview books with an automated software test focus. This wasn't it.
