National Geographic Maps - Reference : South America Executive [Tubed] (National Geographic Reference Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised South America Executive [Tubed] (National Geographic Reference Map):

0 of 0 people found the following review helpful. Five StarsBy CustomerI didn't realize how big Brazil was until I bought this map3 of 4 people found the following review helpful. Pretty Good, But Smaller than I expectedBy Sankalp ShahThe map is excellent. Only reason for not giving it five stars is that it was smaller than I expected. This is not te sellers fault cause the dimensions were clearly mentioned.Quality of map is excellent, the shipping was prompt and product arrived in very good condition.0 of 1 people found the following review helpful. Map of south americaBy BaggyThis is a great map perfect coloring. However the shipping tube only had one end cover. The box it was shipped in was larger than the tube so the map slid out and was mashed on one side. It still works for our use but not packaged

well. Otherwise great map of South America.

From the Isthmus of Panama to the southern reaches of Cape Horn, National Geographic's wall map of South America combines beauty with function. The antique-style Executive map uses a rich color palette and stunning shaded relief that fits with any decor. Political boundaries are clearly defined, and place names, airports, major roadways, and other geographical features are easy to read. Ocean features and currents, as well as depth curves and soundings add context to the continent's extensive coastline and the diverse human populations that inhabit those shores. Coverage includes the countries and major cities of Argentina, Bolivia, Brazil, Chile, Colombia, Ecuador, Guyana, Paraguay, Peru, Suriname, Uruguay, and Venezuela. The map is packaged in a two-inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:11,098,000 Sheet Size = 23.5" x 30.25"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
