James Maitland : The American Slang Dictionary (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Slang Dictionary (Classic Reprint):

4 of 4 people found the following review helpful. OutdatedBy James A. RiggleI bought this book online as an addition to my Kindle dictionaries, but it was listed as published in 2010. When I downloaded it, I got to the title page and discovered that it was originally published in 1891! Since it is hopelessly outdated, I sent it right to Archives without even opening a page. I wish would give the publication date instead of the date they converted it to an ebook. And

since it was published before 1923, I thought it should be free.

Excerpt from The American Slang Dictionary
In the preparation of this Dictionary of American Slang it has been the aim of the compiler to include as many as practicable of those words and phrases which, though they find no place in standard dictionaries, enter so largely into the everyday speech of the people.
