Richard Titlow : The Art of Interviewing: Techniques for Success before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Interviewing: Techniques for Success:

The book delves into both the formal and informal techniques of interviewing. It evaluates the interviewing process from the prospectus of the interviewer and the interviewee. The book covers types of interviews, methods of interviewing, and preparation for an interview. It looks at the best ways to use the interview process to acquire

information, conduct a study, secure a job or select an employee. The author analyzes What influences people both positively and negatively? The book closes with an evaluation of the aftermath and helps the reader determine if the interview succeeded or not.
