TF Editores : The Art of Power: Royal Armour and Portraits of Imperial Spain before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of Power: Royal Armour and Portraits of Imperial Spain:

2 of 2 people found the following review helpful. The Art of Power Catalogue By Irwin Having visited the Exhibition at The Prado in March, but having failed to purchase a catalogue at that exhibition and later trying to obtain one, I managed to obtain this catalogue, via , from America. It is absolutely magnificent. The illustrations are stupendous, and it is in both English and Spanish whereas the Madrid Catalogue would have been in Spanish only. My only regret is that it is not obtainable in Hardback format.

Catalogue for the exhibition of the same name that is being held at the Washington National Gallery of Art.
