Douglass Seaton : The Art Song: A Research and Information Guide (Garland Reference Library of the Humanities) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art Song: A Research and Information Guide (Garland Reference Library of the Humanities):

0 of 0 people found the following review helpful. Fine resource for art song researchBy Thomas A. GreggThose of us who study art song (settings of existing poetry for voice and piano) know and respect this book. It provides an excellent place to begin looking for information on a variety of topics, especially the historical background of the composers and poets. While it is now somewhat out of date, the references are all well-researched and well-documented. After using various library copies of this book for years, I am happy to finally own one for myself.
