Angela Wynne : The Baby Cheapskate Guide to Bargains: How to Save on Blankets, Bottles, and Everything Baby before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Baby Cheapskate Guide to Bargains: How to Save on Blankets, Bottles, and Everything Baby:

0 of 0 people found the following review helpful. Excellent guide for parents who want to save money and be

prepared!By corrinekamaThis book was incredibly helpful not only with knowing which baby gear would be best to purchase, but how to score a great deal on everything I needed. I also appreciated the tips on what was truly useful versus unnecessary. I follow baby cheapskate on facebook and the posts are awesome, but this book was helpful in an entirely different way too. It covers how many diapers you will probably need, what to buy now, what to wait on, etc. I really love the "buy it now" prices too. Helps you understand what's a good deal when you see one pop up online or in a store. Thank you for this helpful book! I will be giving it to friends who get pregnant since I won't want to part with my own copy :)1 of 1 people found the following review helpful. Good advice for savingBy ROB BROWNBabies are expensive, and this is one way of saving money. I'm sure we'll save it's cost with its tips on couponing, price tracking, etc. Great for first-time parents - buy before you have a baby shower and set up a baby registry, or before you purchase anything for your coming baby. It's best to start saving early!1 of 2 people found the following review helpful. Not a book for me, but can be useful for othersBy Jeff KuntzI like in the book listed the best choice of certain baby item in their opinion. I liked the resources in this book for website and so on. These are all valuable information.I didnt finish reading it, since majority of the content is common sense to me. But may not be for others. Maybe I am just not the person who willing to spent so much time to save couple bucks, so I only follow the "buying rules that recommended" for big items. But I DO RECOMMEND THEIR WEBSITE A LOT!

How to get everything you need for your new babywithout breaking the bank.When Angela Wynne started preparing for her babys arrival, she was overwhelmed by all the must-haves she supposedly needed. She quickly discovered that the average American family can expect to shell out more than \$23,000 for the first two years of the babys life.Daunted by the cost of having a baby, Angela soon realized she had a gift for ferreting out the best bargainsand decided to share her findings with other parents online, with her uber-successful blog BabyCheapskate.com. And now, in The Babycheapskate Guide to Bargains, she gives you must-have advice on buying the best for your baby for less. Youll learn: What you need for your babyand what you dont need The principles of shopping smart Where to find great deals on baby products, both online and off How to use social media to find bargains and get advice How to demystify couponing and other insider savings techniques And much, much moreOutlining easy-to-follow, effective saving strategies, this indispensable guide takes the financial guesswork and all the unwanted stress out of planning for a baby.
