for everyone who writes and publishes. The negative is that coverage is limited - but then, how can it be anything else? 0 of 0 people found the following review helpful. I bought it from on the basis of other people's good comments. It was very good and very cheap. I was very happy that itBy Customer100% satisfied customer Cant wait to use it. Performance of the product is very good, very fast, I have been using it and would recommend it to more friends around. It is a grat product that deserved to recommend. not bad at all Absolutely love these!!!9 of 9 people found the following review helpful. This book is great for writing a letter about one subject.By A CustomerI think this book is great for writing a letter. It tells you synonyms in case you use a word often. It also tells you a sentence and sometimes an antonym.(if there is one) This book is handy,and is fairly small. I find this book better than a thesaurus.

A reference book for school and business containing thousands of the most commonly used words in the English language.
