From Brand: Heinle n Heinle : The Basic Newbury House Dictionary of American English before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Basic Newbury House Dictionary of American English:

0 of 0 people found the following review helpful. Five Stars By Richard L. Treat Jr. Outstanding AAAAAA++++++0 of 0 people found the following review helpful. Great dictionary By Arlene Velez I bought this dictionary for my seventh grade son. We speak Spanish and I think this dictionary is one the best I've seen, because it is very easy to

read and understand. Brings examples and illustrations. A+++7 of 7 people found the following review helpful. A GREAT DICTIONARY FOR ENGLISH LEARNERS By Scott Miron As a middle school teacher of both English language learners (ELLs) and English only students, this is one of the main dictionaries in my classroom. The other dictionary my students use is the "Newbury House Dictionary of American English" (blue-green cover). ELLs find the definitions fairly straight-forward and easy to understand. This is also a GREAT dictionary for any 5th, 6th, 7th, and 8th grade student. As a quick reference, I use it all the time. The text size is clear and comfortable to read. Often, the tiny lettering of other dictionaries are intimidating enough to turn-off most adults. This is a book my students really can and are willing to use! There is a wonderful 'picture-dictionary' section that is topical. The only negative comment I have is that some definitions seem a bit too simplified. However, I'd certainly trade "over-simplification" for a definition that requires my students to look up several more words. Both dictionaries are GREAT companions!

THE BASIC NEWBURY HOUSE DICTIONARY develops vocabulary with clear sample sentences and an abundance of graphics and full color art. With the inclusion of an Activity Guide, this resource eases and motivates the transition from picture and bilingual dictionaries to more comprehensive dictionaries.
