**David Santos, Frank Tobler, James Hu, Jessica Wang, Marquis Parker, Steven Rao, Brian Nguyen, Jeffrey Hu, Michael Medrano : The Best Book On Top Ten MBA Admissions** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best Book On Top Ten MBA Admissions:

1 of 1 people found the following review helpful. Not the bestBy Jeremy HintzI've been devouring MBA admissions guides and books like this and in my opinion there are simply better ones out there. The structure of this book is unique in that they ask similar questions to many different experts to get a variety of perspectives. To me it seemed like that just led to a lot of repetition I would recommend another source if you're looking for a book to help you lay out a plan of attack.1 of 1 people found the following review helpful. The worst bookBy ErikI've read a lot of books- none as haphazard, or poorly written. With no structure, this compilation of random advice is redundant, riddled with errors, and left me pondering how the writers got into business school with a work ethic that couldn't motivate them to

proofread even once over. I wouldn't waste your time. 1 of 1 people found the following review helpful. For beginners  
By Andrei Popescu  
Some good advices, but not enough depth. It's a good first lecture, but then you need to go deeper with other books.
