**J.P. Hansen : The Bliss List: Discover What Truly Makes You Happy--Then Land Your Dream Job** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bliss List: Discover What Truly Makes You Happy--Then Land Your Dream Job:

2 of 2 people found the following review helpful. If you do nothing else this week, read this book.By RimaI checked this book out through my local library first, since I am looking to change careers. Within the first chapter, I had a solid idea for a new career path, AND I felt absolutely stress-free and excited about it! I'm not halfway through this book

and I am ordering one for my dad. If you have been feeling bummed about about your job or life in general, please check out this book. Read the first three chapters with an open mind, and do the activities. Actually try them, seriously. You will be glad you did. This book will change your life. Guaranteed -- or return it to your local library! But you'll probably end up purchasing several copies, like I am. 1 of 1 people found the following review helpful. An All-Purpose Career Book - great for the big and small decisions in your job search By S. A. Seiter I had the pleasure of sitting next to the author on an airplane, and I was so impressed by his career philosophy and his real enthusiasm for helping people find work they love. This book is the next best thing! The first half of the book covers big picture career questions - how to identify what you want from your career and personal life, and decide on a job that suits you. The second half is on the nuts and bolts of job hunting: how to write cover letters, how to negotiate job offers, and how to work with recruiters. The Bliss List is really two books in one, so it is a great value and a really fun read too! 0 of 0 people found the following review helpful. Four Stars By Cris Helpful if you are willing to do the work

A practical and realistic guide to help you find passion in your career. What could be better than waking up every morning and looking forward to going to work? After all, most people spend the majority of their lives at work, and recent statistics reveal that four out of five people are unhappy in their current jobs. This is an epidemic J.P. Hansen calls The Whine Flu. The Bliss List is the cure. On a spiritual, conceptual, and practical level, The Bliss List will: help you discover what makes you happy help you identify skills you have and those you need to gain to achieve your goals guide you through the important process of building a great rsum provide actual interview questions including off-the-wall ones and offer the answers that nailed job offers help you decide whether or not to accept a particular job offer when it comes along even if you think you must take it because you need the money
