I am a Bloody Mary loving Wisconsinite and I was looking forward

to the book so I could follow the trail. The book was very short, 44 pages with only 11 reviews of which one was bar has since closed. The most disappointing part of the book however was all of the bars rated are in the big cities. The author totally left out rural bars. In other words, for me there is no trail to follow. 2 of 4 people found the following review helpful. very small book

I was unimpressed with this book. I expected more places and more definitive ratings on the drinks. All this could easily be found on the web for free.
