1 of 1 people found the following review helpful. Five Stars By SabrinaGreat, book. I had no trouble understanding it. The information given is useful when centering yourself on a career path. I do admit 20 years was too long to decide on a career as a nurse. But that's what makes this book great. I now have a objective in which I will grow and succeed through returning to school for training for my goals. I am thankful for the Career Fitness Exercise. 1 of 1 people found the following review helpful. It's ok By CustomerPages have what looks like water damage.
