**Editors of Chambers : The Chambers Thesaurus** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Chambers Thesaurus:

5 of 5 people found the following review helpful. StunningBy ELHAs a college professor I have many books in my personal library. Yet out of the hundreds of books and texts that I own, I constantly recommend only a tiny percentage to my students as "must haves." The Chambers Thesaurus has become one of these essential works. It is well-organized, thorough, scholarly, and even fun to use. I have never found a thesaurus that is this practical and easy to

use. Be forewarned, it is a serious volume and weighs quite a bit - but it's content justifies every ounce. Easily worth twice the price. 1 of 1 people found the following review helpful. A very useful detailed reference. Very impressive. By Gordon Finlay Have always respected Chambers as the benchmark. The latest is the most comprehensive analysis of the language we know. PS- US Customs opened it it was poorly repacked. In opening it I inadvertently dropped it from the already opened carton. There is a small bruise on one of the corners. There is some reason to complain to your customs for this clumsiness. 1 of 1 people found the following review helpful. Unlike any other synonymicon in that it lists rare and ... By Bill Van Benschoten Unlike any other synonymicon in that it lists rare and technical terms. The usage notes alone are worth the outlay. My only criticism -- a minor one -- is that the words are not illustrated with real, workaday quotations drawn from papers and books. I treasure this treasury.

'The many explanations, examples, nuances and quotations turn this into a wordsmith's goldmine (or a Goldsmith's wordmine!). This Thesaurus is not just for Christmas; it's for life (or, until the next edition comes out!)' \* Rosie Goldsmith, Broadcaster and Journalist \* 'One of the attractions of the Chambers Thesaurus is that it is just a great book to browse and I spent many enjoyable hours browsing it. It packs in lots of words and is arranged alphabetically, making it easier to refer to.' \* The Virtual Linguist \* 'Words like notspot, ringxiety and intoxicated are among a list of 1,000 new words and phrases included in the Word Lover's Gallimaufry, a special section of the latest edition of the Chambers Thesaurus that focuses on how our language is evolving.' \* News Track India \* 'Just the spot for a little 'intoxication'. The legions of Hongkongers learning to walk the walk a whole new way with their mobile phones better start learning to talk the talk. For the mobile generation's coming of age is recognised in the latest Chambers Thesaurus with a special Word Lover's Gallimaufry section.' \* The Hong Kong Standard \* 'Ever been on a date with a gastrosexual who has shocked his vegetables? If you're not sure of the answer, the new edition of The Chambers Thesaurus can help.' \* Waitrose Weekend \* 'Like everything else in the modern world, our language is changing with breathtaking rapidity. Every time a new edition of a dictionary or thesaurus is brought out, there's a whole collection of new words and phrases that reflect contemporary life. The latest Chambers Thesaurus contains what they call a 'Word Lover's Gallimaufry', a reassuringly old-fashioned title for a hotchpotch (the literal meaning of gallimaufry) of the cutting-edge vernacular of today.' \* The Independent \* 'The new words that may have a familiar ring: Celebutante, defriend and ringxiety. A thousand new words published in the Word Lover's Gallimaufry....a special section of the latest edition of the Chambers Thesaurus that focuses on how our language is evolving.' \* Daily Mail \* 'What We've Learnt This Week in Books: 'the publication this week of the updated edition of the Chambers thesaurus has provided a glimpse into the very latest contemporary culture.' \* Sunday Times \* 'If someone says, "You butters muffin top. I'm going to defriend you, you oversharer," prepare yourself for an argument...[these] are just four of the new words and terms in the latest Chambers Thesaurus' \* Sunday Times \* 'plethora of intriguing word lists' [http://www.huffingtonpost.co.uk/robert-williams/english-language-evolution\\_b\\_1824192.html?utm\\_hp\\_ref=uk](http://www.huffingtonpost.co.uk/robert-williams/english-language-evolution_b_1824192.html?utm_hp_ref=uk) \* The Huffington Post \* About the Author
