**Susan Britton Whitcomb : The Christian's Career Journey: Finding the Job God Designed for You** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Christian's Career Journey: Finding the Job God Designed for You:

2 of 2 people found the following review helpful. Excellent Resource for Job Search By JJPI purchased this book after I found out my job was eliminated and I would be starting a job search after 15 years. Needless to say, things have

changed since I last looked for a job and this book is a tremendous resource for walking you through the entire process, from managing job loss, to the nuts and bolts of resumes and interviews, to how to research a company and how to negotiate a salary. I started reading it from the beginning, and then as I started getting job leads, skipped around to use the parts I needed at the moment. Excellent, excellent resource. Buy this book if you are looking for a job or even if you just want to learn more about job fulfillment in your present job. The interweaving of scripture is especially relevant, encouraging, and affirming that God indeed cares about this aspect of our lives. 0 of 0 people found the following review helpful. It is an excellent source for the job seeker. By John C. Some have claimed that there is too much information in these books, but I disagree. It is an excellent source for the job seeker. I have had no success in actually contacting the author at her business, but I still hold out hope.... 0 of 0 people found the following review helpful. Good theory, but I lost focus. By K. Faronel bought this book while I was right in the heart of changing over jobs and looking for God's help and grace through the whole procedure. I didn't read through the whole book, it was wordy and I lost focus once I was offered a new job and accepted it, so I didn't really NEED the book any more. But what I did read had good use of scripture and was a good source of guidance through the process.

Finding a new job can be an overwhelming experience. Instead of becoming flustered and losing hope, many job seekers find comfort in knowing God has a plan and a purpose for their life and career. Not only does this book reveal the seven-step process to discovering the Master F.I.T. for one's career, it offers Christ-Centered coaching questions and spirit-inspired "pocket prayers" for power and peace every step of the journey. The guide helps Christians discover the new definition of a J.O.B.-a Journey of Becoming!

About the Author Susan Britton Whitcomb partnered with believers to find significance and success in their marketplace calling. Whitcomb speaks nationally on the topics of coaching, careers, and calling, including presentations for the Christian Coaches Network conferences, Associate of Marriage Family Ministries conference, as well as church retreats. She is the founder and president of Career Coach Academy and Leadership Coach Academy, which offers Christian tracks for its professional coach training programs. In addition, Susan writes devotionals and Bible studies for women who want to represent God's presence in the workplace.
