**Sharon Huxford, Bob Huxford : The Collectors Encyclopedia of Weller Pottery: The Collectors Encyclopedia**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Collectors  
Encyclopedia of Weller Pottery: The Collectors Encyclopedia:

58 of 60 people found the following review helpful. Weller Collector's ReferenceBy Ann C. OmanThis book was very helpful to me - I just started collecting Weller pottery since the beginning of this year. Although this book couldn't possible have every piece of Weller pottery photographed or drawn it is still a very useful and appreciated guide for any Weller collector. I am very pleased with my copy and would recommend it to anyone considering starting to collect Weller pottery or interested in placing a "ballpark" value on their Weller collectibles. There are some beautiful Weller pieces out there available for the discerning collector - with this book you are an educated collector. Good luck

and enjoy collecting some Weller pottery - maybe our paths will cross?0 of 0 people found the following review helpful. Five StarsBy Michelle T. Levickgreat ref0 of 0 people found the following review helpful. Five StarsBy DGWeller pottery has an interesting history. Worth while reading
