Easy to read once you get started. 0 of 0 people found the following review helpful. Highly recommended By Customer Amazing book that really helps you understand the use of the radicals and how to figure

out what a character represents. 1 of 1 people found the following review helpful. Perfect for traveling in Japan By Gift Card Recipient Perfect for traveling in Japan. However, I might suggest a kanji app like Wishotouch if you're looking for speed in translation.

"This new compilation offers many advantages As an example of a book design, little more could be asked of this volume." Harvard journal of Asiatic Studies The Compact Nelson is an abridged edition of the revised New Nelson Dictionary, Dr. Andrew N. Nelson's award-winning classic work. An invaluable guide for learning Japanese, this kanji dictionary has the following features: 3,068 main character entries and more than 30,000 character compounds all the Japanese characters and compounds needed for everyday use. The Universal Radical Index (URI) which permits the user to look up a character based not only on the main radical, but any radical found in the character. This is the most thorough and reliable index for novice users. Crossreferencing with the Japan Industrial Standard (JIS) code and Morohashi's Dai Kanwa Jiten Definitions have been modernized to reflect current usage and translation. Updated with additional characters, contemporary definitions, and an innovative radical index system, this revised edition sets new standards of excellence, easy use, and reliability for Japanese language reference tools. This edition keeps pace with the evolution of the Japanese language and remains an indispensable tool for students and scholars of Japanese.

"The Standard reference work." Daily Yomiuri "The Nelson Dictionary is a big contributor to our ability to study Japanese seriously and to Japanese American understanding." Edwin O. Reischauer "An up-to-date and authoritative guide to modern Japanese Characters." Library Journal "My copy of this is worn and frazzled, because I use it that often. It has never let me down. If you need a kanji dictionary, but don't relish the idea of lugging around the large heavy unabridged/cross-referenced version, this is the one to choose. It's easy to use and very informative with helpful charts and indexes. Recommended to any student of Japanese language, from beginner to advanced." Bookscan About the Author John H. Haig is a professor of Japanese in the Department of East Asian Languages and Literatures at the University of Hawaii at Manoa.
